

Rhonda Washington-Lewis  
rwashing@umd.edu

## **Professional Experience**

Clinical Research Manager/Lab Instructor

University of Maryland  
June 2016 to Present

Funding: DARPA/BARDA/Prometheus/CDC/Flu Lab

Research Studies: C.A.T.C.H. the Virus, StopCOVID UMD

Vaccine Clinical Trial: Novavax and Moderna

Medical Devices: Spire Health Tag, BioBeat Watch

## ***Management***

- Manage overall clinical operations and study startup
- Create and maintain clinic SOPs
- Create, develop and implement all clinical training material
- Provide leadership and guidance to clinical and administrative staff
- Develop strategic plans and timelines to implement protocols safely in a clinic setting
- Hiring manager for clinical and administrative positions
- Develop risk assessment plans for staff conducting home visits/field research
- Directly supervise and train research assistants, phlebotomists, medical assistants, research coordinators, recruitment team and drivers
- Initiate partnerships with local urgent care facilities, firehouse, churches, and community centers
- Develop and coordinate community outreach/recruitment activities

## ***Budget***

- Create and manage study budget for clinical operations, staffing, and human subjects' compensation
- Create clinical feasibility and throughput reports
- Manage and disperse participant's compensation via Greenphire System

## ***Human Subjects***

- Screen, enroll and consent subjects in accordance with GCP and ICH guidelines
- Collaborate with human subjects' office to ensure guidelines are followed
- Distribute medical devices and maintain accountability log
- Ensure the safety for all participants by following the minimal risks guidelines
- Complete study visits and collect biological samples and data

## ***Study Development***

- Meet with sponsors to gain understanding of request and create study implementation
- Collaborate with PI, Sub Investigator on study design
- Develop the clinical logistics to ensure safety of human subjects and staff
- Collaborate with Medical Director to write protocols and associated documents (e.g., informed consent forms, data collection forms, eligibility screening, marketing material)
- Collaborate with Data Management teams on programming study in REDCap

### ***Undergraduate Development***

- Lab Instructor for MIEH325
- Independently created, developed, instructed phlebotomy and clinical skills course for undergraduates
- Develop field research safety and emergency response plans
- Directly supervised and trained >80 undergraduate research assistants

### **Senior Clinical Research Coordinator**

University of Maryland  
December 2014 to June 2016

Funding: NIH/NIDA and VA  
Clinical Trial: Smoking Cessation (Phase II)

- Screen, enroll, consent and randomize human subjects
- Conduct study visits and collect biological samples and EKGs
- Managed and dispensed cash compensation to study participants
- Managed and dispensed investigational drugs (ID) and maintained accountability logs
- Work with medical monitor during RMV and close-out visit
- Completed study visits progress reports
- Internal monitor of regulatory document to maintain audit-ready files
- Created and executed recruitment campaigns
- Managed vendor activities
- Performed investigational drug compliance test and illicit drug screening
- Work directly with PI on recruitment strategies
- Conduct feasibility assessments and produce reports
- Create and submit IRB documents
- Enter, audit, and resolve queries in MediData
- Administer CSSRS to subjects
- Label, centrifuge and aliquot samples per protocol

### **Clinical Research Coordinator**

Lockheed Martin NIH/NIAID/Vaccine Research Center  
January 2007 to January 2013

#### Funding NIH/NIAID

Clinical Trials: VRC012, VRC015, VRC304, VRC305, VRC306, VRC505, VRC310, VRC205, VRC101, VRC700, VRC701, VRC703, VRC704, VRC-AVIDNA036-00-VP, VRC-FLUDNA063-00-VP (Phase I, II, III)

- Liaison to NVITAL and Vaccine Research Center
- Lead Study Coordinator for Apheresis and HIV/AIDS Therapeutic Protocol w/3000 volunteers
- Developed the project plan and managed multiple satellite clinics and mobile clinic
- Assisted with the development of the VRC special EBOLA unit
- Collaborated with internal and external PI's on sub studies
- Collaborated with international colleagues on vaccine trials
- Liaison and host to international colleagues during visits to the United States
- Facilitated sample transport with contractors and resolve sample discrepancies
- Reconciled Study Manager and EMMES database
- Conducted pre-screen interview with study volunteers for multiple NIAID protocols
- Review medical records and lab results to confirm enrollment eligibility for all new enrollments
- Developed recruitment routes for mobile clinic advertising
- Abstracted medical information from medical history commitment medications and preexisting conditions for follow up visits and data analysis
- Create and organize research data for clinical presentations
- Arrange community outreach events with local governments, radio stations, magazines, and metro campaign
- Managed phlebotomy lab and ensured GCL guidelines are followed
- Train new staff on procedures and protocols
- Collect biological samples and vital signs for all visits on multiple protocols
- Perform quality assurance test and maintain logs on products used for procedures

#### Medical Technician

Walter Reed Army Medical Center  
January 1998 to January 2013

- Coordinated MRI exams for Traumatic Brain Injury (TBI) research subjects returning from Operation Iraqi Freedom
- Maintained clinic schedule and secured collected data within HIPPA and OSHA regulations
- Prepared and screened patients for radiological exams
- Worked closely with Radiologists to resolve patients' concerns
- Prepared daily exam protocols with Radiologist
- Liaison between executive office and MRI department

### **Professional Affiliations**

American Society for Clinical Pathology  
Association of Clinical Research Professionals  
American Medical Technologist  
The Society of Clinical Research Associates  
Regulatory Affairs Professionals Society  
American Society of EKG Technicians

### **Education, Certifications and Awards**

Psychology, A.A.  
Psychology, B.S. (2022)  
CCRC (ACRP)  
PCT (ASCP)  
Certified Allied Health Instructor (AMT)  
Merit Award (NIAID)  
Cash Awards (NIAID and Walter Reed)  
NIAID Director's Award  
Performance Award (NIAID and Walter Reed)
